

## CHANGING PERSPECTIVES REVIEW WORKSHEET

“WHAT WERE THE VESSELS LIKE THAT CAPTAIN VANCOUVER SAILED IN?”

NAME: \_\_\_\_\_

1. What makes these ships move?
2. List three materials described in the video, and why the shipbuilder would choose them.

Material	Purpose

3. Take a look at the timeline of ships in timestamps 1:06 and 1:20. How did the technology change over time?

4. a) Name and describe both vessels on Captain Vancouver's voyage.

b) Why do you think they sailed with two ships?

5. Why did these vessels have large crews? Do you think all the crew members were necessary for the voyage?

6. Why do you think Vancouver brought ships with large guns and crew to operate them?

7. Why are square sails uncommon today? What additional reasons can you think of that the video does not mention?
